Grecootel's Sustainability Program

Sustainability Program

WORKING TOWARDS A MORE SUSTAINABLE WORLD

In 1992, Grecotel became the first Mediterranean hotel group to undertake eco-audits in its hotels according to EU standards and formed an Environment and Culture Department.

Grecotel Sustainability program "**GRECOTEL ECO**" is one of the basic operating standards for all Hotels of the Group. It contains key areas aimed at protecting the Environment, highlighting local communities and strengthening the economy.

The basic ideology of the program is the "**Think global Act Local**".

THE GLOBAL GOALS

WORKING TOWARDS A MORE SUSTAINABLE WORLD

The Sustainable Development Goals (SDGs), also known as Global Goals, are a set of 17 integrated and interrelated goals to end poverty, protect the planet and ensure that humanity enjoys peace and prosperity by 2030.

GRECOTEL is developing, in all its hotels, environmental programs based on the fundamental commitments made regarding its sustainable development for 2030, **to minimize its environmental footprint**. We aim to provide high quality services while respecting both the environment and the local communities.

Fostering long-term partnerships with a variety of entities, including other businesses, government agencies, non-profit organizations, multilateral organizations, and so on.

PEOPLE

Employees

Promoting equal opportunity.

Community

Youth employment - Investing in training and career support for young people.

Hotels with a heart - Greotel potential as a hotel chain is being used to provide lodging for people who need help.

PLANET

Climate Change

The fight against climate change lies at the heart of Greotel strategic planning and risk management.

Water and Energy

Water and energy conservation is a key part of the Greotel Stainable Program.

Waste Management and the Circular Economy

Working with suppliers to develop circular economy possibilities and synergies.

Zero Carbon Emissions

The drastic reduction of carbon emissions presents an urgent need for our economy and climate. For this reason, at GRECOTEL, as leaders in hospitality in Greece and Mediterranean, we recognize our duty not only to reduce our carbon footprint, but also to influence the hospitality industry towards a net zero economy.

Our primary source of emissions is from the operation of our hotel (Grecotel Riviera Olympia & Aqua Park).

Our employees were encouraged to use operational best practices such as partial building shutdowns, variable plant load operation, and strengthened building controls to save energy and carbon emissions when occupancy was low. At Grecotel Riviera Olympia & Aqua Park we encourage suppliers to set goals around reducing their environmental and social impact.

We remain committed to minimizing our environmental footprint by reducing energy consumption, optimizing water usage, and minimizing waste generation.

THERE IS NO PLANET B

Fighting Climate Change

We recognize climate change to be a critical threat to our planet, our communities and our business, and we've made combatting it a top business priority.

Environmental Program

GrecoTel Environmental Program was used as an example in the publication Agenda 21 for the Global Travel & Tourism Industry. It includes activities inside and outside the hotels and it focuses in **4 Key Performance Indicators (KPI)**:

01. Energy

02. Water

03. Waste & Recycling

04. Chemicals

CONTRIBUTE TO
THE SUSTAINABLE
DEVELOPMENT
GOALS:

Energy 9.027.675 kWh

Efficient use

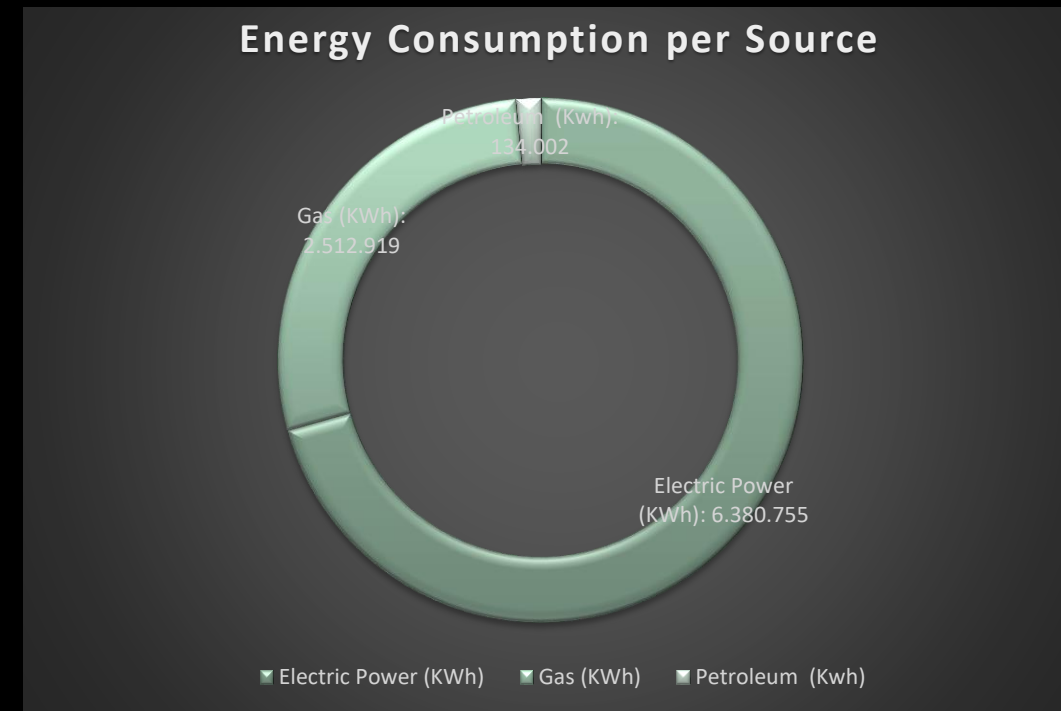

Energy consumption is the main contributor to direct and indirect GHG emissions which affect the climate change. By creating the necessary infrastructure and using the latest available technology in energy management, we endeavor to reduce our energy consumption and maximize the use of renewable energy. Advanced materials and systems are installed in the buildings of o to reduce energy consumption. These include:

- Energy-efficient window panels.
- A high-quality, external wall insulation system that significantly reduces energy losses by wrapping the building in a thermally resistant envelope.
- Low energy technology lighting.
- Electronic lighting ballasts.
- Central lighting control systems.

Annual Energy consumption (kWh)

Annual Energy consumption per accommodation

Energy Reduction

- Hotel operations are aligned with best practice energy management techniques and technology.
- The Greotel Riviera Olympia & Aqua Park Green goal is to improve the energy efficiency of the buildings and minimize energy consumption year af'
- Greotel Riviera Olympia & Aqua Park continues to train all staff in energy and carbon management in order to decrease energy use.
- In 2023, energy consumption was reduced by 4% compared to the previous season 2022. We acknowledge that the reduction has been achieved mainly due to the implementation of our Energy Efficiency Upgrade Plan. Noting that all measurements began in April and ended in October.

Energy Consumption

In 2023, Grecotel Riviera Olympia & Aqua Park's energy consumption was:

2,08

of average gas
consumption per guest

34,30
kWh

of average electricity
consumption per guest.

Monthly Energy Consumption Per Guest Day

Monthly Energy Consumption

Energy Assessment

Grecotel Riviera Olympia & Aqua Park has proceeded with investments, aiming to the efficient use of energy. Specifically:

- Obtain increased efficiency through proper maintenance of the Cooling system.
- Use natural cooling techniques.
- Use Night ventilation techniques, ceiling fans.
- Use super metal halide fluorescent lamps.
- Use electronic fluorescent ballasts.
- Electric magnetic keycards for the automatic interruption of lighting and electrical appliances .
- Use improved luminaries.
- Motion sensors, timing devices.
- Use daylight effectively within the building.
- Public awareness and communication.
- Use high-efficiency equipment when replacing old equipment throughout the hotels.
- Use Solar panels in order to heat the water.
- Provide information and warning labels for guests and staff.

The main energy consuming consumption sources in a hotel are:

- cooling rooms,
- lighting,
- hot water use and other energy consuming activities by guests,
- preparing meals,
- laundry,
- swimming pool,

Water Reduction

ENVIRONMENTAL RESPONSIBILITY

Water scarcity is a recognized global problem, with demand for water projected to exceed supply by 40% by 2030. At Grecotel Riviera Olympia & Aqua Park we recognize the value that water has for both human life and nature. The Grecotel Sustainability Program places great emphasis on water conservation, actively demonstrating this way our commitment to environmental protection through the conservation of both aquatic and marine ecosystems.

OUR EFFORTS CONTRIBUTE TO THE SUSTAINABLE DEVELOPMENT GOALS:

Water

The implementation of a sustainable tourism development is directly linked with the availability of water resources.

We continuous efforts are made to reduce water needs. Grecotel Riviera Olympia & Aqua Park following all the national and international legislation ensure that the source of the water does not affect the local supply or local environment in any way.

All wastewater, including rainwater are disposed of in a controlled way in order to protect areas lying outside the boundaries of a property from becoming contaminated by water, chemicals, pollutants, effluent and other materials.

Water Highlights for 2023

Our water use remained roughly at the same levels in 2023 compared to the previous year. Grecotel Riviera Olympia & Aqua Park's water use per guest was 1,72 m³ in 2023 and 1,72 m³ in 2022.

100%

of the rooms have
water reduction filters

The quality of water is monitored in cooperation with accredited laboratories.

WATER-SAVING MEASURES

Below you can see the most important actions taken in order to reduce the Water consumption:

- Linen & Towel policy.
- Water reduction filters to all taps of the hotel.
- Double tank toilet flushes.
- Regular maintenance to prevent leaks.
- Automatic night watering the green areas and the organic fields of the hotel.
- Application of drip irrigation systems and underground irrigation systems with reduced water evaporation.
- Run the washing machine only with a full load.
- Taps in kitchens have a maximum flow of 10 litres per/min.
- We give the opportunity to our guests to reduce the water consumption (Water reduction info material in all rooms).
- We communicate and educate the management's commitment for water reduction and goals to all employees.

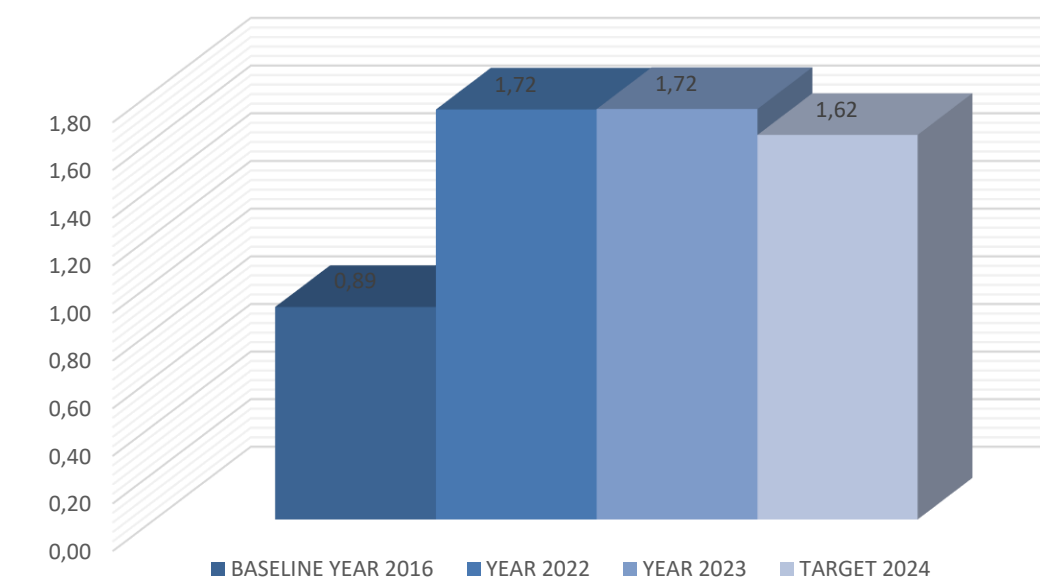

Annual Water Consumption

Monthly Water Consumption

Annual Water consumption per accomodation

A series of water-saving measures have been applied, based on best available practices that focus on consumption monitoring (e.g. leak control, improved efficiency), including educational programs for visitors.

Water Assessment

- KITCHENS
- SWIMMING POOLS
- GUEST ROOMS
- LAUNDRY
- GARDENS
- RESTROOMS & PUBLIC TOILETS
- REST

The first step was to start measuring water consumption and set some tangible targets. It's vital to know our start point (baseline year) and find out how much water is consumed and how it is divided among the various uses such as in the guest rooms and common areas.

The main water consuming activities in a hotel are:

- Guest Rooms (37%)
- Kitchen (12%)
- Laundry (8%)
- Swimming Pools (10%)
- Gardens (27%)
- Restrooms & public toilets (4%)
- Other (2%)

Chemical Use

USE OF ENVIRONMENTALLY FRIENDLY CHEMICALS

Driven by a high sense of environmental awareness, GrecoTel Riviera Olympia & Aqua Park chooses to use certified cleaners and chemicals, with environmentally friendly specifications regarding both their packaging and composition. This way we achieve a great balance of cleaning effectiveness along with environmental protection. Furthermore, we apply a new model of alternative gardening, avoiding the use of chemical fertilizers and pesticides, further emphasizing the statement that the safety of our guests, our partners and the natural environment is a top priority for us.

All chemicals used are evaluated in terms of sustainability criteria and are applied with dosage systems in order to ensure efficient usage.

Consumption is **monitored on a monthly basis** and is measured with a guest per night indicator.

Frequent staff training for proper use.

Waste Management

Waste management is an integral part of our waste management policy, as **Grecotel** actively contributes to a more circular economy. **Aiming to become a Zero Waste company**, we have developed and implement an integrated waste management strategy that results to waste elimination through waste cross utilization and recycling.

We ensure that all operations and activities at Grecotel Riviera Olympia & Aqua Park are fully comply with all current national waste management regulations. At every stage of our operation, we are devoted to reducing waste output by applying reduction, training, and recycling approaches.

OUR EFFORTS CONTRIBUTE TO THE SUSTAINABLE DEVELOPMENT GOALS:

WASTE MANAGEMENT SYSTEM

PREVENTION

Disposable products and unnecessary packaging are avoided to be bought. Priority is given to more durable/long-lasting products. Purchase of recyclable goods.

REDUCE

At Grecotel, we're committed to helping the world end the ocean plastic crisis. Most effective ways to **reduce waste is by reusing everyday items**. In each room we provide our guests with a reusable canvas bag.

REUSE

We are **donating materials** to churches and to local community. We reuse paper that has been printed only on one side. We also **upcycle items** that no longer serve their original purpose into DIY crafts.

RECYCLE

Recycling of glass, cardboard, paper, cooking oil, soap, metal, aluminum, batteries, medicines and electric utilities, **through private special waste contractors**. Recycling of plastic, paper, aluminum and textiles, through the **municipality waste system**. **Composting** of vegetables, fruits, grass cuttings and garden waste within the company's grounds.

MONITORING

Performing of **regular monitoring** of waste in order to ensure that the waste minimization strategy results to **reduced amounts of waste** disposal each month.

PROMOTE GUESTS PARTICIPATION

Customers can help the Waste management plan by keep saving our environment by always using the recycle bins

PROMOTE EMPLOYEES PARTICIPATION

Through training and support, ensure that all staff are aware of their responsibilities under Grecotel environmental policy and how compliance can be achieved and maintained.

Employees are required to:

- become familiar with the type of waste and their appropriate handling and disposal methods and
- adopt the procedures for waste separation using the correct color-coded bags and bins.

WASTE MANAGEMENT MEASURES

In Grecotel we separate waste according to local authority guidance.

Waste prevention in all departments and throughout supply chain.

All quantities are reported annually.

The hotel's liquid waste is treated in the wastewater treatment plant.

Chemical and microbiological analyses of water are conducted by laboratory.

All the refrigerant substances used in the hotel are ozone friendly.

Recycling streams for Grecotel Riviera Olympia & Aqua Park:

2022	kg	Percent
Cooked Oil:	3.140	4 %
Glass:	65.720	55%
Plastic:	12.710	10%
Paper/Packaging:	37.610	30%
Lamps:	144	0%
Batteries:	280	0%
Electrical & Electronic Equipment:	1.255	1%

FOOD WASTE

One third of all food produced is wasted each year. This issue is a priority for our sustainability program.

Fighting Food Waste in Grecotel Riviera Olympia & Aqua Park:

- Food measurements / analysis.
- Informing visitors and staff.
- Actions were taken to reduce waste.

Our hotels are taking primary steps to avoid food waste at source by reducing overproduction through better planning, storage and handling. We also take secondary steps to recycle unavoidable food waste through energy recovery and composting.

Plastic Free

LIFE FREE of PLASTIC

With an increased sense of environmental responsibility and the desire to contribute towards a more sustainable travel experience, Grecootel Riviera Olympia & Aqua Park implements a plastic-free hotels program, with the aim to reduce the use of all plastics, while promoting the use of reusable, recyclable and more environmentally friendly materials.

Every year plastic audits are conducted in order to identify areas for improvement. Waste prevention in all departments and throughout the supply chain. Grecootel introduced the plastic initiative which aims to ban the use of single used plastics (EU list) and reuse or recycle all plastic packaging.

Hazardous Substances Usage

The environment is totally affected by the hazardous substances. Grecotel Riviera Olympia & Aqua Park keeps a list of all hazardous substances used (e.g. chemicals, hazardous materials, light bulbs, batteries, ink/toner cartridges etc.).

All hazardous substances are used safely according to the manufacturer instructions and are stored safely, in line with national and international standards. Chemical are disposed safely, in line with national and international standards and collected by a fully licensed contractors.

The usage of chemicals is limited and only from special trained staff members. All the employees receive an annual training regarding the correct use of the chemicals (quantity, required Personal protective equipment) and the possible harmful effects.

By applying new practices for a more sustainable gastronomy, we are committed to reducing both food waste and the raw materials used to produce them. We focus on developing a culture based on sustainable practices through effective staff training and awareness campaigns, aiming to deliver sustainable gastronomy menus that combine authentic flavors with respect for the environment.

Sustainable Gastronomy

For decades, Grecotel was the first to introduce authentic high-quality organic products in the restaurants of its hotels, establishing this way a powerful link with the local agricultural production.

Organic meals

HEALTHY & SUSTAINABLE NUTRITION

Sustainable nutrition is key to achieving the optimal development and holistic health for people, through the support and promotion of their physical, mental and social well-being.

At Grecotel Riviera Olympia & Aqua Park Resort we emphasize both at reducing the risks associated with nutrition, while at the same time actively supporting the conservation of biodiversity and holistic health, of the present and future generations.

Grecotel Riviera Olympia & Aqua Park Resort guests have the exclusivity to taste organic products and meals, which in 2023 offered 40.892 meals of high nutritional value and quality.

Generally, its purchases' rates for the year 2023 were:

- Peloponnese: 42%
- Greece: 39%
- Import: 19%

Which means that it has contributed to the national and local economies with 2.188.000 euros.

From Farm to Fork

High quality food can go hand in hand with limited impacts to the environment. At Grecotel Riviera Olympia & Aqua Park we are committed to helping our guests acquire healthier eating habits while at the same time reducing the impact that the food production activities have on the environment.

SUSTAINABLE SUPPLY CHAIN

The integration of the most important environmental and social parameters in our supply chain is one of the most crucial pillars of sustainability. For this purpose, Grecotel Riviera Olympia & Aqua Park evaluates its partners against quality and corporate responsibility criteria, and sources certified sustainable products, achieving this way the development of sustainable and responsible local supply chains.

In any negotiation with the supplying company, we inform them about our environmental policy, and we ask them to inform us about the various environmental-friendly products on offer.

We give priority to products from the local markets, if they meet the requirements and basic needs of the company.

Conservation of Biodiversity

At Greotel Riviera Olympia & Aqua Park Resort, we have developed partnerships with a series of organizations (e.g. with NGOs like ARCHELON), aiming to protect and preserve ecosystems, while also raising awareness between our guests and employees.

Experience & Activities

Also, eco-learning programs for guests, available to children at the Grecoland Club, give younger guests the opportunity to learn about the local biodiversity, including turtles, birds and flowers, as well as local customs and products. In the weekly program, there is a blue day and a greenday.

We pledge to protect and enhance biodiversity by reducing pollution, preserving natural habitats, and supporting wildlife conservation efforts.

Animal Protection

Animal welfare is included in our discussion of sustainability because of the fundamental importance of respecting other living creatures.

We avoid putting further pressure on endangered species or supporting environmentally harmful production.

Garden

To plant a garden is to believe in tomorrow.

Greotel Riviera Olympia & Aqua Park implements garden programs:

- a new model of alternative hotel gardening, avoiding the use of chemical fertilizers and pesticides,
- we plant Mediterranean and local plants in our gardens,
- automatic irrigation system in the evening,

ECO-LEARNING PROGRAMS FOR GUESTS

We invite our guests to explore the unique biodiversity and visit the onsite herb gardens.

SUSTAINABLE ARCHITECTURE & ECODESIGN

Aiming at the preservation and protection of our natural heritage, GRECOTEL focuses on integrating sustainable architecture into its hotels, so that they are fully harmonized with the landscape. The renovated "third generation" hotel (such as Grecotel Riviera Olympia & Aqua Park Resort) complexes follow the most modern and sustainable architectural trends, whilst maintaining each destination's special local character, always in harmony and with respect for the local history and people. The idea is that building, landscape and nature merge together causing as less impact on the environment as possible.

Social Responsibility

Having as our primary goal to improve our society's quality of life, we take initiatives and carry out numerous actions with significant social impact.

One of those streams may well be our empowering collaborations with social/environmental organizations and accredited NGOs.

Local Community

Grecotel Riviera Olympia & Aqua Park Resort growth is directly linked to the prosperity of the destination. Contributing significantly to the local economy and supporting regional development is a key priority.

- We effectively support the needs of the local community and implement initiatives accordingly
- Our impact on the local and wider community is understood and nurtured.
- Dialogue with local communities is encouraged for mutual benefit.

Sustainable tourism creates the necessary momentum for the continuous, inclusive and sustainable economic development of Peloponnese.

Sustainable tourism creates the necessary momentum for the continuous, inclusive and sustainable economic development of Peloponnese.

It creates links with agriculture and service providing sectors and stimulates the development of key infrastructure (road construction, upgrade of airport facilities) and the provision of financial services from which the local economy as a whole can benefit.

The revenue generated by the increase in tourist arrivals in the region has a positive direct impact on a wide range of economic sectors incorporated in the tourism value chain.

The positive impact from tourism growth on income and employment in the local community is multiplied, creating a vibrant local economy.

The local people can use the facilities of the promises with specific cost / charge provided the availability of the resources.

Human Rights

We support and respect the protection of internationally proclaimed human rights. All employees are responsible for complying with social policy and for ensuring that the standards of behavior required by the company are observed.

We are continually training our staff on human rights and child protection, so that they understand the role they play in delivering our objectives.

We have zero tolerance for child exploitation and abuse. We are committed to preventing such acts and will report any suspected incidents to the appropriate authorities.

- Grecotel Riviera Olympia & Aqua Park policies:
- Policy and procedures against forced labor.
 - Policy and procedures against child labor.
 - Employee reporting mechanism for human right incidents.

Partnerships and Donations

With an increased sense of offering, social prosperity and solidarity, the GrecoTel Casa Paradiso makes donations for charities aiming to provide support for socially vulnerable groups and activities related to the promotion of culture, the environment and sports. Some of the results of our contributions are donations to "Vision of Hope" for its Bone Marrow Donor Bank, provision of goods to parishes and many other actions.

PARTNER WITH "THE SMILE OF THE CHILD"

As its main objective, the Organization deals with the daily problems children encounter. The Organization's main concern is defending children's rights, not just on paper but in practice as well, providing services to children on a 24-hour, 7 days a week, 365 days a year-basis, working for their physical, mental, and psychological stability.

PARTNER WITH "VISION OF HOPE ASSOCIATION"

It was founded in 2012 and is another link in the supply chain of medical, mental and social care of the Association of Friends of Children with Cancer "ELPIDA". Main purposes of the Association is the information and sensitization of the Public Opinion on the issue of voluntary donation of hematopoietic cells and the importance of their offer to a patient in need of transplantedation.

NIKOS DASKALANTONAKIS FOUNDATION

The newly established body “Nikos Daskalantonakis-NDF” was created in order to further systematize our contribution to education, culture and quality production. With due respect for the tradition, the cultural heritage and the local character of each place, the organization grants scholarships and supports cultural projects and actions, such as the excavation and support of the Museum of Ancient Eleftherna and the maintenance and restoration of the Rethymnon Conservatory (Neratze Mosque).

Economic Dimension

Economic dimension refers to the way in which the company organizes its position in the marketplace to actively develop its sustainable profile by using its economic stability and profitability for continuous improvement. Our long-standing commitment to responsible business helps to create opportunities for all the interested parties, including our associates, guests, hotel owners and local communities. We continue to drive meaningful results benefitting youth, global diversity and inclusion, health and wellness, responsible sourcing and support for human rights.
